SHARON SMITH

The Mentoring Hub

One Connection Can Change Everything:
Start Here

- **Connecting underrepresented people in Tech with mentors, resources, and opportunities. Empowering everyone to thrive.**
- **For every women in UK tech, there are four men. Similar statistics are seen worldwide. But together we're rewriting this story.**
- **We don't 'meet' in the traditional sense, but we provide programs that bring people together to support, learn and thrive together.**

GROWING YOUR COMMUNITY VOICE

From Quiet Attendee to Confident Speaker: A Practical Guide for Growing Your Community Voice

Many people sit in conference audiences wondering if they could ever be the one on stage. Unsure where to begin, what they'd talk about, or whether they have anything worth sharing. This adaptable program is your starting point.

Delivered and shaped by program leads with real community experience, it offers a clear, honest path from silent participant to active contributor and, eventually, confident speaker.
